15th International Kuo Shu Cup 2015

Tournament information for Lei Tai Fights and Forms Divisions

Dear Sports Friend,

Since 1996, we the **Chinese Kuoshu Institute** in cooperation with **the Traditional Kung Fu Federation of Germany** have organized tournaments in which everyone can participate, and this year is no exception. We present the 15th International Kuo Shu Cup 2015.

We hope you can join us on **17. October 2015** in Neu-Ulm, Germany, where this year's event will take place. This will be a traditional Chinese Martial Arts and full contact Lei Tai fighting tournament.

We hope that many countries will support us in this undertaking. Our wish is to make a lot of new friends, see old friends, and to promote Chinese Kuo Shu (national art) all over the world. The tournament organizers reserve the right to prevent teams from participating in the tournament at registration.

Please send your registration by the 10. October 2015. After this date, the Internet Account/Registration Portal (www.wettkampf.org) will be closed and late registration will have an additional 10.- € fee for each event (only available for forms divisions, and not for light or full contact fighting). The Organisation has the right to stop school and federations from registration!

If you have any questions or need any additional information, please contact

Chinese Kuo Shu Institute
